MEMORANDUM FOR: Chairman, DCI Intelligence Information Handling Committee

FROM: Edward J. Maloney
Director of Information Technology

SUBJECT: Community Project Report for Surplus Equipment

REFERENCE: Your Memo, dtd 2 Mar 88, Subject: Acquisition of
Surplus Equipment for Community Project (ICS 4037-88)

1. In the coming months, the Office of Information Technology (OIT) will be surplusing certain computer equipment. This equipment will be freed as part of OIT's relocation of its data centers to the new Agency Headquarters Building. The hardware being released in the future is equipment that is owned by OIT and will not meet future customer requirements.

2. The attached list identifies the manufacturers and types of equipment that will be surplus. The two NCR 3670 Comtens are available now and the remaining items will be available after 31 May 1988.

3. If you wish to obtain any of the equipment, please have [redacted] and [redacted] contact [redacted] Chief, Technical Services Division, OG/OIT, or [redacted] Chief, Hardware Planning Branch, TSD/OG/OIT, [redacted]
